# Artfully Crafted

At The Elevated Humidor, we are a craft cigar company blending one of life's luxuries without the premium price.

Our approach to blending cigars focuses on the boldness of flavor and complexity over strength. Each cigar begins with curating the finest tobaccos from around the world.

Honoring the farmers who bring tobacco seeds from the nursery to the aging room is an important part of our mission here. We believe in blending unique cigars using innovative hybrid tobacco leaves, while honoring the blends of our past.

It is our belief that every person deserves to live the elevated life. One way we strive to ensure that opportunity is to craft cigars that do not come with a premium price.

We believe our unique approach to building a cigar community focused on living the elevated life -

# The Sloth

---

**Wrapper:** Sumatra

**Binder:** Dominican Sumatra

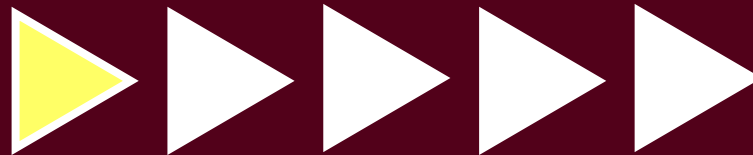

**Filler:** Dom Seco, Viso, Ligerero

**Tasting Notes:** Sweet Cream, Caramel, and Roasted Almonds

When blending The Sloth, we wanted to blend a cigar that was uniquely mild with bursts of flavor and creaminess. Remembering the beginning of our cigar journey, we wanted to produce a cigar that a novice or experienced aficionado would enjoy.

After working with a variety of wrappers, we experimented with a 4-Yr old Dominican Sumatra wrapper. Extensive blending with a variety of binder and filler crafted what is now known as The Sloth.

## Filler #9

**Wrapper:** 5-Yr Aged Indonesian Sumatra

**Binder:** 5-Yr Aged Habano

**Filler:** Dom Criollo 98, Pilato Cubano

**Tasting Notes:** Earthy, Allspice (cardamon), w/sweet finish

Three years ago, we began the process of blending our first cigar. Our love for Indonesian Sumatra guided the blending process until we found a cigar that made us say, "We might be able to do this." Filler #9 was born as it was the 9<sup>th</sup> blend we made with this precious wrapper.

We hope you enjoy this medium-bodied cigar that has spice, sweetness, and the earthy notes found in this special leaf.

A cigar blended to dispel the myth, “dark cigars are strong cigars.” Dark Cin was crafted as a medium (minus) cigar with complexity of transitions and a unique sweetened tip.

**Wrapper:** Natural

**Binder:** Dominican

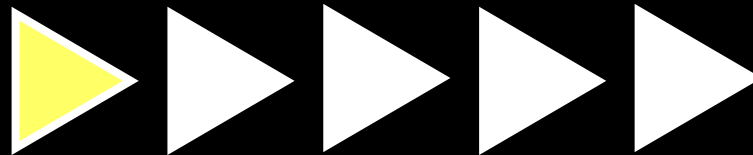

**Filler:** Dominican Seco, & Volado

**Tasting Notes:** Sweet Cinnamon (Red Hots)

Our love of cinnamon led the charge in the blending method of this cigar. The first step was experimenting with the end of the fermentation and aging processes utilizing cinnamon oil to bring about the robust cinnamon flavor in this cigar.

In addition to the superb Dominican mild/aromatic binders and fillers, the sweetened tip and cinnamon oil utilized in fermentation and aging creates an enjoyable, flavor filled cigar.

## Oscuro

**Wrapper:** Habano Oscuro

**Binder:** Nicaraguan Habano

**Filler:** 4 Leaf Nicaraguan blend including Criollo 98

**Tasting Notes:** Cedar, anise, baking spice, and creamy cocoa

Maintaining our focus of blending cigars that the boldness of flavor outperforms strength became the inspiration of blending our full-bodied cigar, Oscuro.

The first third of this complex cigar transitions from a spicy nutty cold draw into the cedar sweetness, anise, and baking spice. The second third transitions to powdered cocoa and is eventually joined by creamy cocoa flavors. The Oscuro is a journey for the experienced aficionado.
