Artfully Crafted

At The Elevated Humidor, we are a craft cigar company blending one of life's luxuries without the premium price.

Our approach to blending cigars focuses on the boldness of flavor and complexity over strength. Each cigar begins with curating the finest tobaccos from around the world.

Honoring the farmers who bring tobacco seeds from the nursery to the aging room is an important part of our mission here. We believe in blending unique cigars using innovative hybrid tobacco leaves, while honoring the blends of our past.

It is our belief that every person deserves to live the elevated life. One way we strive to ensure that opportunity is to craft cigars where the flavor intensity shines without the premium or luxury price.

We believe our unique approach helps build a cigar community focused on living the elevated life -
ONE CIGAR AT A TIME!

Kevin & Mel

Tobacco & Factory

One of our passions is procuring the finest tobaccos from the Dominican Republic, Nicaragua, San Andrés, and Ecuador.

Before we craft a premium cigar, we spend countless hours selecting the right tobacco leaves to ensure the quality, consistency, and flavor profiles desired in our cigars.

We proudly source tobacco from some of the best farmers in the world based on aroma, pallet, finish, and quality of leaf.

The Elevated Humidor is proud to be vertically integrated in our Dominican Factory and Farming Operations where we grow a variety of tobacco plants including the newest 02-11 broadleaf variant.

Our cigars are produced at two different factories, Tabacalera Sanchez in Nicaragua and TEH Factory in the Dominican Republic.

Velvet Smooth

Wrapper: Havana 2000

Binder: Havana

Filler: 3 Leaf Blend:

Criollo 98 & Pelo de Oro

The exquisite cigar was blended in the DR with a velvety wrapper that feels like crushed velvet.

The aroma is that of sweet hay and a warm fire. The cold draw is notes of earthiness and the sweet hay.

Once lit, this cigar takes you on a journey from your initial draw. A silky, creamy smoke with a nutty finish leaves you waiting for the next draw. The cigar transitions throughout your smoking experience with hints of char, salted peanuts, espresso beans, and light molasses.

Filler: 4 Leaf Nic blend
including Criollo 98

Tasting Notes: Cedar,
anise, baking spice, and

Maintaining our focus of
blending cigars that the
boldness of flavor
outperforms strength
became the inspiration
of blending the
full-bodied, Oscuro.

The first third of this
complex cigar transitions
from a spicy nutty cold
draw into the cedar
sweetness, anise, and
baking spice. The second
third transitions to
powdered cocoa and is
eventually joined by
creamy cocoa flavors.
The Oscuro is a journey
for the experienced
aficionado.

Each Cigar is a journey
into one of life's luxuries.
With this in mind, our
desire to craft a cigar
that had delicious dark
chocolate notes with
hints of red and white
pepper that would take
the cigar smoker on a
complex journey led us
to San Andrés Maduro
and tobaccos from the
Condega region of
Nicaragua.

In Partnership with
Sanchez Tabacalera, the
Maduro was born.

The desire to create a truly unique cigar with a limited production hybrid tobacco leaf has been a dream since we began blending cigars. When the opportunity presented itself to partner on the Sumatra Havana seed tobacco, our minds went into overdrive. Partnering with Sanchez Tabacalera in Nicaragua we blended the Sumatra Royale.

We invite you to take a break from your day to slow down, relax, and enjoy one of life's luxuries: Sumatra Royale.

Lone Star Attitude

Wrapper: Habano Claro

Binder: Indonesian

Filler: HVA, Dominican

Tasting Notes: Sweet
hay, roasted peppers,
subtle white/black
pepper

On our first trip to the
new farm in the
Dominican we fell in love
with the HVA filler. The
smooth yet subtle spice
reminded us of home,
Texas.

Thus began the journey
of blending a cigar that
would represent the
Lone Star State.

After trying multiple
tobacco combinations,
the LSA was born. It is
our hope you enjoy it as
much as we do!

Dark Cin

Wrapper: Cameroon
Maduro
Binder: Maduro
Filler: Dominican Seco &
Viso Maduro(s)

Tasting Notes: Hints of
Cacao and Cinnamon

A cigar blended to dispel the myth, “dark cigars are strong cigars.” Dark Cin was crafted as a medium (minus) cigar with complexity of transitions and a unique sweetened tip.

The maduro wrapper provides natural hints of chocolate, cacao, and cinnamon spice on the finish. Adding the sweetened tip to this cigar created a truly unique smoking experience for the cigar smoker.

Wrapper: Natural
Binder: Dominican
Filler: Dominican Seco, &
Volado

Tasting Notes: Sweet
Cinnamon (Red Hots)

Our love of cinnamon led the charge in the blending method of this cigar. The first step was experimenting with the end of the fermentation and aging processes utilizing cinnamon oil to bring about the robust cinnamon flavor in this cigar.

In addition to the superb Dominican mild/aromatic binders and fillers, the sweetened tip and cinnamon oil utilized in fermentation and aging creates an enjoyable, flavor filled cigar.
